Subject: Business Review Follow-Up: Kampachi Response to Comments

Copying Kip.

There are ~45,500 comments. approximately 500 are individual/unique comments. There are currently 8 bins with large topics- each bin has 9-30 separate topics in it. Kip stated today that he is very confident (he said 95%) that the permit will be issued during FY20. He also stated that within his schedule he built in 6 weeks for management review of the permit package. Hopefully that will not be necessary. He is not expecting major revisions to the current permit. Please let me know at nay time if you'd like a more detailed status briefing. Thank you, Kip, for all of the excellent work that continues on this project.
