---

Kevin,
3:30 will work for us.

We will have the following participating on the call:
Paul Marshall – EPA Region 7 Pretreatment Coordinator
Pat Miller – EPA Region 7 Office of Regional Counsel

Talking points:
The EPA is aware of an issue of hydrogen sulfide gas escaping from the sewer system and entering homes in the South Sioux City, NE community. The EPA would like to discuss the facility's efforts in response to the hydrogen sulfide gas issues, such as, date of becoming aware of complaints, efforts taken to address concerns, monitoring performed in response to complaints, etc.

Please let me know if you have any additional questions.

Thank you,

Seth Draper
U.S. Environmental Protection Agency
Region 7
Water Enforcement Branch
11201 Renner Blvd, Lenexa, KS 66219
(913) 551-7080
