Jess,

If the reporter would like to speak with someone at EPA, Brandi Jenkins would be their contact person here in Region 4. Her email is Jenkins.Brandi@epa.gov and her number is 404-562-9124.

Thank you,

Meghan

FYI - a reporter has reached out to NMFS re: info on the Velella Epsilon project. Meghan - would you be okay with us providing them your contact info?

There is a permitting and authorization process document online, however it is like 30 pages and maybe a little more than the reporter needs. Jess might have some canned material for us.

He's also confused by section 10 permitting from USACE and asking if NOAA is the lead, what are the various roles, and what is NOAA's part in the process? I'm wondering if we have anything up online that we can point him to or any canned language that could work here.
