Alex—This matter has been mired down in Bankruptcy proceedings initiated by Albert Stubblefield who has been acting pro se. In fact there was another hearing this morning before the Bankruptcy Judge assigned to the case. The case is in EDW, Cause No. 1212-00101-FLK if you are interested in getting on line to see the latest. Bob Dunn

Subject: Estate of Emory Stubblefield

Dear Counsel:
EPA Region 10 requested special notice of matters related to the proceedings of the administration of the Stubblefield estate in May 2011. The most recent update received was in June 2011. EPA has incurred costs responding to contamination at the former Stubblefield salvage yard (980 Myra Rd.), perfected a lien against the property in the amount of its costs, and provided the estate with notice of liability for the response costs. Any information you can provide as to the status of the will dispute and estate administration would be appreciated.

Alex Fidis
Assistant Regional Counsel
EPA Region 10
