Tonya,

I believe this is the last approved QAPP we were working under. This copy is not signed….Barb said signatures were done on the hard copies submitted to the agency in 2012.

Do either of you have the previous QAPP readily available that you can send to me? I am referring to

the last one that was approved by EPA that you have been working under the last several years. Hoping you have it at hand where you have been drafting a new one so that I don't have to dig through the record center.
