Okay. I will cancel the current meeting on Wednesday and set up a new meeting for August 3rd. Who all should be included on our technical call between EPA and Ameren on Wednesday in place of the quarterly call? Just you and Lisa?

Barb, looks like we may need to postpone the quarterly meeting currently scheduled for this Wednesday. Would you be available on August 3 if we reschedule until then?

If August 3 works for you for the quarterly meeting, I would still like to keep a meeting between EPA

and Ameren in place this Wednesday to discuss the increased concentrations in PZ-11.

Let me know if these changes work for your schedule.
