Thank you everyone for an informative site visit.

Attached, for your information, is the joint guidance NMED and MMD have developed uranium work in the state of New Mexico. With this guidance, we recognize each site is unique and may require something different or in addition to this guidance.

Feel free to contact DJ and I with any further questions-

Thank you,
Amber

Subject: Re: Haystack site visit

Zein,
I just want to confirm our site visit next week, March 29th. My understanding is that we will meet at 9 am at the closed bar (is it tomahawk bar?) at the Pruitt Exit off I-40.
I have extended the invitation to NMED, and just trying to make sure we are all on the same page.

Thanks,
