Thanks
And enjoy the week-end.

Looks like Walter has a 2pm and a 3pm meeting on the 9th. The only available time that day looks to be 10am-12pm. Let me know if this works and if the City is available to come to EPA offices in NYC for the meeting.

Hi Ashley,
Thank you for getting back to me.
It appears that July 9th is the best for the Mayor.
Please confirm time and place.

Thanks again,
Myralee

EPA agrees to a meeting with the Mayor and key City staff and EPA to discuss Li Tungsten. Our thoughts are that the meeting should include myself, Sal, Doug, Walter and regional council. With that being said, Walter is unavailable from July 15-August 1. Briefly looking at everyones calendars within EPA, it looks like the only potential dates of availability in July would be the 8th, 9th, or 10th, but I would have to confirm with everyone once I hear back on the City's availability. Please let me know if any of those dates work for you.

Importance: High

Good afternoon,
I haven't heard back from you regarding a setting up a meeting with the EPA, the Mayor and key City staff. Please let me know if you've had any success and/or could advise me who to contact.
Thank you
Myralee

Hi Ashley,

I tried calling but your voice mail would not allow a message and states you will return on June 12th.

On my recommendation, I asked Morgan Graham to reach out to Jim Doyle to request/arrange a meeting between the City and EPA to discuss matters relating to EPA approvals and protocols. Jim is extremely busy and suggested I contact you for the best way to proceed. As we get closer to the final stages of our waterfront remediation, and with all the assistance, funding and guidance that EPA has provided , I think it would be crucial and appropriate for the current administration to meet with EPA officials apart from our waterfront meetings which include the redeveloper.

Mayor Spinello, myself and other members of the City's team request a meeting with Walter Mugdan and Judith Enck and/or George Pavlou (both Walter and George have been with this project for a long time). In addition, I would like include Jim Doyle, Doug Garbarini, Sal Badalamenti and yourself. The redevelopers would not be part of this meeting.

Please let me know how to proceed and the best direction to make this happen. We want to forward the redevelopment of the waterfront by the end of 2014 and due to various deadlines would like to schedule a meeting in early July.

Thank you in advance for your time and suggestions.
Best Regards,
Myralee
