---

Deborah,
When I checked in with AEG today about the next deadline in the draft amendment, I realized that the 2/28 deadline in the draft amendment is actually different than the deadline indicated on the proposed schedule circulated by Rob prior to our meeting (attached). That schedule showed the deadline for the draft RI report from the late-January work as 3/15, instead of 2/28 as shown on the proposed amendment. I missed that when I reviewed the amendment the first time, but I just checked again and my notes don't show any change to the 3/15 deadline in Rob's original proposed schedule. Of course it's possible I missed something in my notes. Do you or Rob's notes show that the deadline for the RI report from the January work was changed from 3/15 to 2/28? I apologize for any confusion.

Thanks,
Zach

Hi Deborah,
I haven't forgotten about this, but I'm still working on getting the signed version to you. It's been a little trickier with RH Smith on the other side of the Mountains. I should be able to have this back to you in the next few days.

Thanks,
Zach

Thanks for your response, Zach. Attached is a pdf of the amendment that contains the revision to paragraph 2.11. Once you confirm with your client that the dates ok, please print this single-sided, have it signed and returned to me. I'll send a conformed copy to you after the EPA Office Director has signed it. We'd like to get this finalized within the next two weeks. Please contact me with questions.

Thanks, Deborah. I've reviewed the AOC amendment. The language looks fine to me- no questions or suggested revisions. I'm confirming with AEG and RH Smith that the dates are as they understand them, and will then arrange for signature.

Thanks,
Zach

Hi Deborah,
I apologize for not getting back to you sooner- I was out of the office on business all of week-before-last and part of last week. Needless to say, I've been playing catch up since then. I'll review this and provide any comments this week.

Thanks,
Zach

Hello Zach,

I'm just checking on the status of your review of the Smitty's AOC amendment. I also want to notify you of the revision that EPA management has requested to paragraph 2.11 below in strike-out and blue:

2.11.

In lieu of the
quarterly
progress
reports
described in paragraph 7.5 of the AOC, Respondent shall submit the reports described in this Section. Respondent shall submit a progress report six months after the date it begins to implement the Final Corrective Action Plan, and shall continue to submit progress reports every six months thereafter until implementation of the Final Corrective Action Plan is completed approved by EPA in writing.

Please contact me with any questions or proposed revisions by February 11th. Thank you.

Smitty's AOC
Amendment

Hello Zach,

Attached is a draft of the Smitty's AOC Amendment that incorporates the schedule agreed to by Rob Rau and Michael Chun. Please review this amendment and provide comments. EPA management is currently reviewing this draft and may make a couple of editorial changes, but meanwhile, I'd like to get your feedback on this draft. I will be in the office all next week if you have any questions or would like to discuss this draft. Thank you.

Deborah
