Please note modifications history/summary will be provided. The summary tells you the date, any funding obligated and other issues. In essence it provides you all the necessary information for modifications. Plus, it reduces processing charges. The estimate provided was based on the above assumption. Thank you!

Re: EPA2020-005265

Per our previous several notices, no response has been received from you regarding the approval of estimated processing charges of $225.

Please respond today to avoid cancellation. If cancelled, you can always file a new FOIA request when you have the additional information and authorization from your client.

Regards,
