By the way, I spoke with Gene while at a conference together last week and he was okay with the timing of the award (Oct 1 or even later).

Hi Alan:

I don't anticipate any abnormal challenges from DEQ entities that we haven't experienced in past year. They are very competent in giving us clean and good packages and I anticipate that this will happen again this year. My challenge will be fitting it into my over 100 grants to package this year ☺ LOL!

Thanks for checking it Alan.

Mary,

What kinds of challenges are presented when the State submits its application for the 319 funds in August?

Alan

Subject: Your call

Greeting Alan, hope you are doing well.

My manager Gene, is not available this week, but I would like to recommend the following. When he is back I assume he will confirm or not the recommendations.

1. We are working on the 2015 Annual Report, we had estimated to have a draft out to you by the end of May, **Ex. 6 - Personal Privacy**. I expect to have a draft ready for you by June 15th. My apologies.

2. We are progressing to have an RFP out and expect to have applicants' work-plans by the end of July. We expect to apply for the 2016 319 funds in early August. The allocation will include the recommended activities for 2016, received as a result of our RFP.

3. The mentioned date of Oct 1st, 2016 as the date to receive the award would work well with our program.

4. Any comments from Adam, Gene?

Ivan Camacho
