Document Body

Dear Dr. Kraemer,

Attached is a copy of the draft permit for the C6 project. As George noted this permit will not be finalized at the request of the applicant.

If you have any questions, please feel free to contact me.

Sincerely,

Michele

Hi Steve,

Hope things are well for you all out there.

I sent this reply to Michele Dermer, who is the Project Officer for the Shell permit.

Shell (named their company C6 to conduct the pilot) recently withdrew their application/plans to proceed with this pilot, so that is why it is no longer on our website, but you want more than the simple permit language.

take care,
George

Subject: UIC permit for WESTCARB project

George,

Is there anyway that I could review the UIC permit granted to WESTCARB Northern California CO_2 Reduction Project (G1) (Shell Oil), particularly the area of review analysis?

We are making nice progress on our research project on area of review and critical pressure determinations.

Cheers,
Steve
