We should review all the WQS changes and rule changes being done to move NPDES permits, and understand what the plan and schedules will be for these. Perhaps 30 min.

Dave - thanks for the feedback. The Lahaina session is at Albright's request so I'm assuming he is on it.....

As for the WQS - if it makes sense to fit it into NPDES we can do that, otherwise how long do you think for that conversation? Remember, only Alec is coming....

Thanks Tina. When in the agenda would we discuss rules and WQS-type updates? During the NPDES section? That would be fine with me as I dont think we'll necessarily need 2 hrs just to do NPDES. Also, I think we need to check in with ORC Deliberative [redacted]

Aloha workgroup - a first crack at the proposed schedule for Water Program meetings with HDOH.
I have reserved the video conf room on the 12th floor for coord with PICO.

Your comments please, and I will forward to Stuart and Alec for feedback.
Please let me know if I missed anything. It is my understanding that Friday am the 18th floor has asked for meetings, so I proposed nothing water specific - tho it is likely we would still have Alec's time on Friday.
