Sorry to miss your deadline, Sara.

Yes, there are two Lahaina items for Nancy to discuss with Larry. First, DOH will hopefully have moved forward with the Cost-Share agreement for the tracer study. COE sent the agreement to DOH this week. I should have more details early next week that I can provide to Nancy in advance of her actual discussion. Second, we are communicating with the AG's office and I hope to speak to Alec before Nancy's call regarding the County of Maui's 401 cert application. We are working on some language to support a DOH waiver, but have not yet run this by CWB. I'm hopeful that prior to Nancy's meeting, I will have spoken to Alec and then will ask Nancy to push our position (for a DOH waiver) with Larry.

In terms of enforcement, we will be issuing a press release next week for our enforcement action against Hawaii Housing Finance and Development Corporation for LCC violations at their Jack Hall Memorial housing property. HHFDC failed to close 13 LCCs by their deadline of March 2009 and have agreed to close them by March 2011 and pay a penalty of $110K.

Let me know if you have any questions.

Thanks,
David

Hi David, Do you want to say anything about Lahaina in the summary for Larry? I already added John's update on the GW 106 grant extension.

Nancy Woo has a monthly call scheduled for October 28 with Larry Lau. Please send me an email by noon on Wednesday, October 20, if you have any agenda items for this short update with Larry.

On a previous call, Larry requested earlier notification of enforcement actions that will be taken by EPA. Please let me know of any enforcement actions that will be made public in the next few weeks. I will add a list of upcoming enforcement actions to the agenda.

Thanks, Sara
