Hi Jeff,

I can cc on all of my outgoing emails regarding FMCV. Thanks,

Emmanuelle

Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the **10th** of the month following the month that you receive results, or the **10th** of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.

Subject: Re: Clarification on Submitting Public Notices w/n 2/16/17 FOV

Emmanuelle,
Thank you very much for responding back to my inquiries. If possible, could I be cc'd on all EPA/FMCV PWS#09-400106 correspondence from here on out? Mr. Sidney, Sharron, Alsonso, and myself had a meeting this afternoon, pertaining to the 2/16/17 FOV, in particular, the Public Notice Violation. I have been directed by Mr. Sidney, as well as the Traditional Leadership, with the task of FMCV's PWS#09-400106 compliance efforts and I've had some degree of resistance from the current Water Department personnel for some reason? Therefore this is the basis for my request.
It is of paramount importance that I have inclusion in all matters pertaining to compliance/non-compliance with NPDWR/SDWA. Since EPA Enforcement compliance is "time driven", I feel that my request to be cc'd on EPA matters be granted and if Mr. Sidney needs to verify this request of mine, I will forward this email and I'm more than certain Mr. Sidney will concur with my request. Again Thank you very much for your efforts

> Hello Jeff,

FMCV is currently in compliance with the public notice requirement. We did receive a public notice related to the 4th quarter of 2016 arsenic MCL violation. Sharon has stated she plans to send another one out for the first quarter of 2017.

In 2016, we received public notices for the first and fourth quarter arsenic MCL violations. We did not receive notices for the 2nd and 3rd quarter MCL violations. In 2015, we only received a public notice for the 3rd quarter arsenic MCL violation.

Public Notices are required every quarter that FMCV is out of compliance with the arsenic standard.

Let me know if you have additional questions. Thanks,

Emmanuelle

Subject: Clarification on Submitting Public Notices w/n 2/16/17 FOV

Emmanuelle,

Just missed your call, I was wondering if you can provide specific details as to FMCV's PWS#09-400106 FOV pertaining to the Failure to notify the public users of PWS#09-400106? If possible? thx

Jeff Mansfield
