Mark:

We will be sending you a concurrence letter shortly concerning the Biological Evaluation for Maryland's proposed revised Water Quality Standards regulations. We have no comments to offer on the CBPO TMDL, the EPA Biological Evaluation on that TMDL, or the NMFS Biological Opinion on that TMDL.

> Way back in early June I sent FWS a BE on MD WQS TR. Since we received no response, is EPA to assume that FWS has no concerns? Likewise, I have seen nothing from FWS regarding the CBPO TMDL, the EPA BE on that TMDL nor the NMFS BO on the that TMDL. Did FWS comment on any of those documents? EPA would appreciate any and all comment that FWS produced regard those documents. If no comments were produced, we would like to hear that. Hope to hear from you soon.
