Angeles –
Cliff has moved quickly. I did not know that he was going to talk to Forest Service HQ before convening an internal meeting. Given this, I recommend a call to Jim Upchurch ASAP to ensure that he is not caught off guard by his HQ.

Jason –
Note the call to Pendergast.

I went ahead and gave a heads-up to the FS NEPA manager here in DC (Joe Carbone) that he might want to talk to the Forest about Rosemont since we were not reaching a resolution on the issues. I also sent him a copy of Region 9's comments on the administrative draft.

I also called the Wetlands Division (Jim Pendergast, Acting Div Director) and suggested that we needed to start talking about the issue – strategy, timing, etc. We will start doing that asap.

Thanks again for keeping us in the loop!
