Hi George. Thanks for the discussion today. Hopefully this helps get us closer to a decision. In the meantime, we wanted to share an updated slide to reflect the county information for the ESA buffers. Let us know if you have any questions.

Thanks,
Dan

Hello George. Please see the attached materials and share with your team. These are in preparation of our meeting later today. There are four documents included:

- A slide with the preliminary summary of ESA results
- An excel file with preliminary impacted counties and species list
- A word file with the VSI references
- A slide summarizing the mitigation discussion to date

Please let me know if any of these attachments do not come through.

Thanks,
Dan
