Go ahead and print that lengthy document first. Then you may want to work from the most recent emailed documents backwards to avoid duplication and confusion.

I believe that I sent you revisions this morning to the CO Statement of Relevant Facts and the Document Index.

Thanks Daniel!

Tyrone,

Thanks. I'm going to start with the document that is 500 + pages long and go in the order sent. Once I have everything printed, I'll call to clarify I have everything printed and submitted in the binder as appropriate.

Thanks,

Daniel,

Oops again. The previous document index showed Exhibit 2 as being on CD, it is not. You should already have a pdf copy of the protest which I sent to you yesterday.

I've revised the Document Index and removed CD from Exhibit 2.

Thanks
