Subject: North Basin Data

Hi Kim. I am mailing you a CD with North Basin data. The data are for production wells and OCWD monitoring wells (single-casing and multiport). Note: OCWD is not a water purveyor; so, we don't own or operate any production wells. We did install 6 extraction wells in the North Basin area that were intended to be used for remediation. Those wells have not been operated. However, we have limited sampling data for those wells, which is included in the data you will receive. The data includes well type, location, well construction, lithology, and water quality. I am sending two files with water quality data, one with everything, and one with just TCE, PCE, 1,1-DCE and 1,4-dioxane.

Our consultant Kennedy/Jenks will get you PRP site data.

Don't hesitate to call me if you have any questions.

-Dave
