Subject: draft cover note for SEPs

See suggested edits below. I had trouble understanding the last sentence of the second paragraph—hopefully I tweaked it in a way that was getting to what you intended...

Ex. 5 AC/AWP/DP

Lastly, a quick plea for Appendix A - not having that yet is constraining us at this end, in particular my ability to get some more specific parameters on the total SEP/penalty package, which I know is an important issue for vetting at your end ~~all~~ as well.

Thanks and talk to you tomorrow.
