The submittals arrived mid-morning today. The package appears to be complete. I provided a copy to BAH at 1 pm PDT this afternoon, and EPA's RCRA program a few minutes ago.

I'm scheduled to be in the office the rest of this week and all of next week. I don't have that many meetings scheduled yet. My preference to talk would be sometime next Monday-Wednesday as I might have more info to offer by then. But this week would be OK too. Let me know what dates/times are best for you.

See attached. Please confirm receipt and provide any comments on schedule ASAP. What's your availability to speak by phone in the next week to 10 days?

Will Paul DesFosses and Cliff Merrill with CooperCM continue to be our oversight guys? Assume you'll provide them planned schedule.
