Katherine - Thank you again to you and your folks for meeting with us today. We are in the process of reaching out to our Federal partners based on our discussions to alleviate any fears regarding any potential impacts from the 402 permit review on the NEPA process. In the meantime, we continue to work on completing our 402 permit review. Also, Randy and Ed have been in touch to schedule a time to discuss our consultants review sometime next week (my understanding is that your folks are looking to do it Thursday, but that could change). As we discussed, we will get back to you by Friday afternoon to let you know where we are with our discussions with the other Federal partners. If anything changes between now and then, please let me know, and I will do the same.

Thank you - Shawn
