Hi:

The clearance process stalled for a bit. We've just pulled this one from the pile today and are expediting it's clearance. It should be final before Thanksgiving.

Bye for now

DAn

Subject: Re: Status of Sulfolane PPRTV

Hi Dan,

Just touching base to see if there are any updates on the release of the sulfolane PPRTV?

Thanks,
Stephanie

Hi:

It was nice to hear from you earlier. First, here is the URL for the website where the final sulfolane document will be posted:

<http://hhpprtv.ornl.gov/quickview/pprtv_papers.php>

It should be ready very soon...we sent it up to Washington for clearance the last week of September.

I'll send you a copy as soon as I get word that' it's cleared.

Bye for now

DAn

Subject: Status of Sulfolane PPRTV

Hello Dr. Petersen,

I am just checking on the status of the sulfolane PPRTV. Has the peer review been complete of the HLS study? Is the final PPRTV document available?

Thank you. As you can imagine, we are very anxious to see the final report.

Thank you,
Stephanie

Hi

This is Dan (Eastern time). If free Monday afternoon, Tuesday I have a 1PM meeting, Tuesday I have a 2PM meeting.

Bye for now

Dan

Subject: Re: July Meeting on Sulfolane Toxicity

I apologize for not being able to set up a time that works for this week. Please let me know your availability for July 18, 19 and 20 in the mornings Alaska time.

Thank you,
Stephanie

Hello,

During our last meeting, we decided to meet again in July to discuss sulfolane toxicity and get an update on the PPRTV document. I'd like to try and schedule that meeting.

What is your availability July 7th, 8th and 12th? I'd like to have the meeting in the morning (Alaska time) since we have so many East Coast participants.

Once I find a date and time that works for everyone I'll send out a meeting request and agenda.

Thank you for all your time on this issue,

Stephanie
