Subject: Revised Draft Sampling Plan for RN 14
Attachments: Sampling Proposal RN14 Feb 7 2018.doc

Hello All:

Please review the attached sampling plan. We are proposing a tighter grid 5 feet x 5 feet with approximately 49 samples. The grid was developed with actual site measurement (based on the site visit on January 31).

We are now ready to go and collect samples. Please let us know if you have any comments/questions ASAP. Thanks.
