RE: Saint-Gobain Performance Plastics – Hoosick Falls, NY – Follow up to inspection on October 20 and phone call of November 16, 2015

Dear Mr. Bean,

This letter is in response to your request for information following your site visit on October 20 and from a follow up call by Susan Schulz on November 16, 2015.

I believe that Alicia Dorsey (Hoosick EHS manager) submitted information on November 3 that was requested during your site visit (copy enclosed). This submittal is in response to the questions asked by Susan Schulz:

1. Chemical components of all chemical substance / mixture, etc. that we have purchased over the last 5 years.
2. Each substance broken down by components: CAS and % of chemical including chemical name
3. History of PFOA usage on site since 1999
4. Source of PFOA on site since 1999
5. Specifics relative to testing---methods, depths, etc. Specific well information, etc.
6. How do we ensure that the substances coming into plant are PFOA free?

All of the information requested has been placed on the enclosed USB thumb drive. The information contained therein contains **Confidential Business Information.** We request that this information be protected accordingly.

Should you have any questions regarding this submittal, please feel free to contact me.

Sincerely,

Edward J. Canning
Global Manager, Environment, Health & Safety
