Subject: HBCD risk draft risk evaluation

Please find attached two versions of the HBCD RE DRAFT document.

1. With tracked changes, comments, and responses in comment bubble (no "heroizing" performed). The list of what is/isn't included is embedded in the document on a page preceding the executive summary. This document does not have risk determination language: **HBCD Risk Evaluation DRAFT 050219 TRACKED**
2. A clean copy with HERO links and a bibliography that captures about 80% of all references. We will continue to work on that with the team: **HBCD Risk Evaluation DRAFT 050219 CLEAN HERO**

Also attached is first draft of risk determination spearheaded by NPCD

Please provide your comments on the clean version since track changes does not include formating and reference codes and bibliographic (HERO) links

Please note supplemental files will be attached in a follow up email.
