All, I wanted to convene the group to discuss next steps. The main item of discussion: I met with Carper's staff this week about their proposed idea to convene a bipartisan negotiation with Senate Rs, Ds, and CA. I want to be sure we are on the same page as to whether we proceed down that path. Thanks.

Ron Minsk

Former Special Ass't to the POTUS for Energy and the Environment

Attendees: Mandy Gunasekara, Brittnay Bolen, Samantha Dravis, and Ron Minsk

Hi Mandy,

I wanted to introduce myself and request a meeting with you to discuss the RFS point of obligation issue. I served as the energy and environment person at the White House National Economic Council under President Obama during much of the time when the RFS was being addressed. I fully appreciate the complexity of the issue and sympathize with the difficulty of the issue that you are working on now.

I have long thought that moving the point of obligation was a way to substantially strengthen the program. Doing so would promote the blending of ethanol and reduce the cost by aligning the obligation to blend and the ability to blend. EPA has seemed to acknowledge the theory but has been skeptical with respect to whether there is data to support the theory.

I addressed this issue directly in comments that I filed in the docket recently and have attached to this email. In short, I show that obligated companies that are long are far less likely to blend than obligated parties that are short, and that the best way to promote blending is to adjust the incentives by moving the point of obligation. You can see these point most clearly in Figures 6 and 7 of my comments on pages 26 and 27 of the PDF file.

Without knowing what you are inclined to do, I know that even if you wanted to do this, you would want to be able to fully explain it. I also appreciate that there would be a lot of hard questions that stakeholders might raise. I know where you are because I have been there myself.

I would welcome the opportunity to walk you through my work and explain how I would answer the questions that I am sure you would want answers to if you want to make this change.

I am generally available to come in to meet with you. I can be reached [redacted] (b) (6) <mailto:[redacted] (b) (6) and by phone at (6) 240-535-9799.

Subject: Introduction

Hi Brittany,

It was great to meet you at the Chamber meeting yesterday morning. I really appreciated hearing your perspective on all of the opportunities you and your team have at the agency. As we discussed, I work at Cummins and lead our government relations efforts on energy and environment issues, including truck and engine regulation for fuel efficiency and NOx.

I also mentioned that my colleague, Brian Mormino, was in town for meetings with the White House and your colleagues Ryan and Mandy (cc'd) at EPA to discuss some of these issues. I know we wanted to follow up with Mandy and keep you all in the loop on our discussions with the WH (Mike Catanzarro) regarding potential regulation streamlining and next-tier NOx, and I wanted to see if you might have time for a 30 minute meeting or call with me and Brian to fill you in on discussions.

Subject Meeting with the Brick Industry Association

Location DCRoomARN3500/OPEI

Show Time As Tentative

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Request: I am writing on behalf of the Brick Industry Association (BIA) to request a meeting with Administrator Pruitt. BIA is a national trade association representing clay brick manufacturers, distributorships, and their suppliers. Two-thirds of all the brick shipped in North American is manufactured by BIA members. In addition, many BIA member companies are family-owned small businesses. Many of BIA's members are subject to a recently-promulgated National Emissions Standard for Hazardous Air Pollutants for Brick Manufacturing (i.e., the "Brick MACT"). BIA has a pending challenge to this rule in the DC Circuit. BIA does not want to discuss the litigation with the Administrator. BIA does hope to discuss with the Administrator the enormous impact that the rule is having on the industry and some of BIA's ideas as to how the rule could be improved and the burden lessened. A group of BIA members will be in Washington, DC, on Thursday, June 15. A meeting that date would be ideal. If that does not work for Administrator Pruitt, we would appreciate any suggested alternative dates.

Subject: RE: AFS - GA FLY-IN AGENDA

Hi Sydney,

There are no ethics concerns with respect to this event. See the following for more complete details.

Best, Jennie for OGC/Ethics

White House Ethics Pledge

The White House Ethics Pledge does not allow political appointees to accept gifts from registered lobbyists. The persons extending the invitation are not registered lobbyists or lobbying organizations, therefore the Ethics Pledge is not implicated.

Acceptance of Free Attendance (including a meal)

Because the official has been invited to speak and present information on behalf of the agency, pursuant to 5 CFR 2635.204(g)(1), acceptance of free attendance and any meals provided on the day of the event is not considered a gift. The official's participation in the event is viewed as a customary and necessary part of his performance of the event and does not involve a gift to him or to the agency. While free attendance will cover a meal that is provided to all attendees, it does not cover side events, receptions, and other meals (like a speaker's dinner) that are not open to all attendees.

Financial Disclosure Implications

Because this is not a gift, there are no financial disclosure reporting obligations.

Morning Amy,

It looks like Wednesday, June 21 at 2:00 will work best. Let me know if that works on your end and I will confirm. Will it be just Bob or will others be attending as well? If so, I will need all attendees full names to send to security. Additionally, if you could give a brief overview of the topics to be discussed and send over any materials that we should review beforehand that would be great. Any questions just let me know.

Best,

Alex Dominguez

Hi Amy - I was informed this was going to be a face to face as Bob would be in DC the 21/22. If this is incorrect not a problem and we can do it over the phone.

Location BAKER BOTTS L.L.P- 1299 Pennsylvania Ave, NW, Washington, D.C.

Show Time As Busy

Request:
I am writing to follow up on my invitation to speak to the Class of ’85 meeting on June 28, at 12 pm central. As I noted, the meeting will be hosted by one of our members in Maple Grove Minnesota. We would be happy to host you in person, or to set up a video conference from our offices located at 1299 Pennsylvania Ave, NW, Washington, D.C.
The Class of ’85 is a diverse group of electric generating companies located throughout the country. The Group was originally formed in

1990 following the promulgation of the Clean Air Act amendments. In 2015, a subset of our members formed a work group, known as the Cross-Cutting Issues Group, focused on waste, water, and wildlife issues affecting the electric generating sector. These members have an active interest in the development of electric generating and associated infrastructure. A list of Class of '85 members is attached for your review. We appreciate your consideration of our invitation, and are grateful for the opportunity to hear from EPA about its priorities and ongoing regulatory reform initiative.

Subject Meeting with Kevin D. re: the Proposed New ADA
Location DCRoomARN3500/OPEI

Good morning, Robin!

I hope you had a great weekend. Would you please help me set up 30 minutes with Samantha and Brittany next week to discuss the proposed new ADA? I'd like Laura Gentile to join us as well if possible. As far as I can tell, any day next week should be fine.

Thanks,
Kevin

Subject Regulatory Reform Meeting with the American Iron and Steel Institute
Location 3528 WJCN
Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 20 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees:
Mike Long, Cliffs Natural Resources
Patrick Bloom, Cliffs Natural Resources
Tom Miller, Nucor
Todd Young, U. S. Steel
John Stinson, Evraz North America
Tom Wesolowski, Evraz North America
Tom Dower, ArcelorMittal
Julianne Kurdilla, ArcelorMittal
Katie Larson, SSAB Americas
Brett Smith, American Iron and Steel Institute
Colin Carroll, American Iron and Steel Institute
Paul Balserak, American Iron and Steel Institute

Request: I would like to see if several AISI members and I could come in and give you an overview of the environmental issues that are key to the steel industry. Following on Administrator Pruitt's well-received address at our annual meeting last week, I think the timing is ripe for such a discussion. We would greatly appreciate the opportunity to brief you on our issues as you work to prioritize the comments received from your May 15 public information request on regulatory reform. We would also like to learn more about the potential revival of the something like the old Sectors Strategies program.

Hi Mandy-

Hope all is well with you. We were slated to host your boss in a week or so over at our Mercedes-Benz USI plant in Alabama, but unfortunately the scheduling kind of unraveled and it's a no-go. Hopefully we find another date down the road!

In the meantime, I was wondering if you might have some time to meet with me and my colleague, Bill Craven who handles regulatory affairs? Bill is really the point person here in DC for Mercedes-Benz on all things GHG, Mid-Term Review-related. Was wondering if you have some time over the next week or so for a meeting? I know Bill would like to meet you and give you an update on our views related to GHG/CAFE issues.

The enviros deadline for a response is July 11th and then they are taking their stay request to the court. I don't feel compelled to respond, but want to flag this for everyone. Happy to organize a call tomorrow morning. Does 10 am work for a call?

Subject: RE: Petition for stay of ozone designations delay action

Below is a summary of the petition. Thanks to Karen Bianco. If you have further questions, please let us know.

Several environmental groups filed a petition with the Administrator on July 5, asking that the Agency immediately stay, pending judicial review, the effectiveness of EPA's extension of the deadline to promulgate initial area designations for the 2015 ozone NAAQS. The petitioners allege that the Agency's decision to delay designations does not comply with Clean Air Act requirements and is irrational. The petitioners present a 4-part analysis of why a stay of the designations delay is warranted, specifically because (1) they are likely to prevail on the merits in an underlying challenge to the designations delay; (2) they will suffer irreparable harm without a stay; (3) a stay will not substantially harm other parties; and (4) the public interest favors a stay.

First, the petitioners state they are likely to prevail on the merits on a challenge to the Agency's 1-year delay of the deadline to make initial area designations because our rationale for delaying designations "is untethered from statutory considerations, unexplained, and baseless." Petitioners argue that the only factors relevant for EPA to justify an extension of the designation deadline relate to information about air quality conditions and areas that contribute to harmful quality, yet EPA did not cite these factors in justifying the delay. Petitioners allege that the factors EPA does cite (ongoing consideration of the 2015 standard, further analysis of background and international contributions to ozone pollution, analysis of exception events demonstrations) do not relate to the statutory standard of having "insufficient information" to proceed with initial area designations. Petitioners also argue that EPA has not explained how the information the Agency has is insufficient to make designations, noting in particular that international transport and background ozone relate to implementation of the standard, not designations, and such lack of explanation makes the delay arbitrary. Petitioners make additional allegations, including that EPA has not explained why it needs a full year delay (as opposed to a shorter delay) and why it cannot make designations for some areas, even if information is insufficient to designate parts of the country (e.g. locations most strongly influence by background ozone).

Second, petitioners explain that they will be irreparably harmed if the delay in designations is not stayed because a delay in designations results in a delay of pollution controls, state planning, and attainment deadlines, all of which will result in myriad adverse health and environmental impacts. Third, petitioners allege that granting a stay will not harm other parties because EPA, states, and industry cannot be cognizably harmed by having to comply with the ozone implementation program Congress enacted. Fourth, petitioners attest that the public interest favors staying the designations delay because EPA has projected (in the rulemaking setting the 2015 ozone NAAQS) that compliance with the 2015 standards

will realize significant health benefits.

The petitioners state that they intend to file a petition for review of our final action in the D.C. Circuit shortly and to seek a stay from the Court, and accordingly ask that we respond to their request by 6:00 p.m. on July 11, regarding whether the Agency will grant their requested stay.

Request: My friend and co-author, Oren Cass of the Manhattan Institute, has written far-and-away the best commentaries in recent months on climate, Paris, and the EPA. He has some advice for you on some things to consider as Administrator Pruitt structures his red-blue team approach. Specifically, he wants to urge you that one of the most valuable things you could do is to study the "baselines" that are being used to forecast potential emissions trajectories; this is a huge shortcoming of current science and is being badly mischaracterized/misused. An EPA analysis of it would be hugely valuable. I can't recommend strongly enough that you meet Oren soon Here's his bio <https://www.manhattan-institute.org/expert/oren-cass> . Hi Aaron-

Thanks for your email. Samantha Dravis the AA for Policy, as well as Sarah Rees in OP should be part of this discussion. Samantha and I have a briefing with the administrator that is scheduled to end at 4:30 tomorrow, but we never end those on time. That said, would 5pm work for a call?

Hey Brittany,

I was wondering if you, Mike and I can have a call on the draft report for Section 2 of EO 13783 that is due at the end of the month at 4:30pm tomorrow. I am not sure who else from EPA should be on the line, but if you can add them to the call, I would greatly appreciate it.

You can call Mike's office at [redacted] (b) (6) at 4:30, assuming that time works.

Please let me know if you have any questions and if that time works.

Thanks.

Subject Senior Leadership Council Meeting - Day 2

Location WJC-N 3rd Floor, The Green Room

Show Time As Busy

Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive and invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19,

will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

I reached out to Mr. Schuette to give me your contact information because I wanted to keep Mr. Pruitt's office in the loop regarding op eds in the Washington Times. The Times will be running a section on energy. When they have asked me to submit an op-ed on the topic of ethanol, they mentioned that they would also be publishing an op-ed from Mr. Pruitt.
Attached is what I have submitted. I suspect that my views are in line with those of Mr. Pruitt, but I wanted to provide him an opportunity to comment on what I wrote. Any comments or suggestions that his office has would be welcome.

Location 3513A
Show Time As Busy

I hope this email finds you both well and thriving. The purpose of my meeting was two-fold. One is that I want to introduce myself, as an 30 year EPA employee, President of the William D. Barber, Jr., Chapter of Blacks in Government (BIG) here in Headquarters, and share a little history and background about both the organization and the chapter. Also, to share with my goals and objectives for the chapter during my tenure. Second, I want to extend an invitation on behalf of the Chapter, to Samantha to participate in our Agency forum that we have just about every year at the BIG annual training conference. Furthermore, it would be an honor and a pleasure if she would be the keynote speaker for the forum. The Agency forum will be held Tuesday, August 22, 2017, from

9:00am-4:30pm, at the Harrah's Resort and Casino, Atlantic City, NJ. Our theme for this year is "Resiliency In Uncertain Times" (announcement attached). I have prepared a packet to leave with you during our meeting, and I will bring it with me should we get the opportunity to do so. However, I have attached some of what is in the packet for your information and to give you an idea of what the organization is about. Also, here's a link which outlines the organizations goals and objectives, http://www.bignet.org/index.php/about-us/goals-and-objectives.

Finally, if you are able to participate, please do not hesitate to let me know, if not thank you for the opportunity to share BIG with you and hopefully, we can count on your support for future programs and events. Have a great day!

Location 3500 WJCN
Show Time As Busy

Samantha and Brittany have expressed an interest in learning more about the Administrative Procedure Act (APA) in the context of rulemaking. They and Justin Schwab decided to organize a very informal APA Discussion Group or Roundtable for this purpose. The first meeting will focus on Judicial Review and what courts look for in upholding or invalidating a rule or other agency action. At the end of this meeting,

participants will identify the topic for the next Roundtable.

Initial briefing w/ Jake Triolo – Mike Durham of Soap Creek Energy will not be in attendance.

Mandy and OP were unable to meet when Mike Durham was in town on initially requested dates of August 8 or 9th.

First off, hope August is going well. Hopefully getting some time off.

Anyway, I wanted to follow-up on scheduling a meeting with Mandy. Mike was just here and it was again recommended by a number of Hill staffers that we come over to EPA and run our proposal by Mandy. With that in mind, I just spoke to Mike and he can make himself available the weeks of September 11th and September 18th. Additionally, he can be available September 28-29. Finally, Mike can be available the week of October 2nd.

So obviously we have a lot of open times. If something works during any of those 4 weeks let me know?

Thank you so much,

Jake Triolo

Hey Dominguez —

I was just giving your contact information by Surya—I know both he and Mandy. Surya indicated you were the best person to go through to schedule a meeting with Mandy.

A few weeks back we were having lunch and chatted a bit about a client we are working with on a tax issue related to coal. I had mentioned to Mandy that I was going to try and bring the client in at some point as we are curious about the EPA's thoughts on the issue.

Anyway, the client is Soap Creek Energy, LLP, a start-up energy company that deals in the development of energy efficient applications for electricity generation from coal. Their CEO, Mike Durham, who is also the chair of the National Coal Council, will be in town on the 8th and 9th and would like to meet with Mandy to discuss alternatives to the carbon capture and storage provisions in the Internal Revenue Code (Section 45Q). A draft copy of the proposal is attached.

We are open on the 8th before 10:30 and anytime after 3PM. On the 9th, we are open anytime before 4PM. Please let me know if any of those times work for Mandy?

Thank you so much, and have a great weekend.

Hey Tate,

I hope all of your trips in August have been going well!

I wanted to loop back with you on Corn Oil 1 after our conversation in Iowa. Could you help schedule a phone call between Corn Oil 1 and Mandy for sometime next week? Devin and I would like to be on the call as well.

Corn Oil 1 is still not understanding why they are being placed in the bio-intermediary category. It'd be helpful from my end if Mandy (or whoever is the correct person) could loop Devin and I in on the reasoning for labeling them as such before the call.

Thank you SO much for all of your help on this!

Best,

Stephanie

Subject: DOE call with Oil and Nat Gas at 11:00

Gents,

We've been doing daily calls with electric sector but today at 11 are doing a call with oil and gas. This will be a very high-level (no company specific matters/spr requests/etc) signals check. You're welcome to listen in if you'd like.

Subject Meeting with Presidents of North America's Building Trades Union and United Association: Permitting and Construction of Infrastructure
Location DCRoomARN3500/OPEI
Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: On behalf of the combined 3.5 million members of the United Association (UA) and North America's Building Trade Unions (NABTU), I request the pleasure of a meeting with you, President Mark McManus of LIUNA and President Sean McGarvey of NABTU on July 5th 2017. UA and NABTU members care about infrastructure; and that is what we would like to discuss with you. Our members often benefit from the good paying jobs that are a byproduct of development and deployment of all types of infrastructure, from pipelines, to highways and waterways. UA and NABTU have a track record of supporting projects that will create union jobs and we maintain an all of the above approach to energy development.

We are particularly enthused to see the department's efforts to streamline project permitting. An acceleration of permitting and construction of infrastructure carries with it the potential to create thousands of jobs with extensive economic multiplier effects across the United States economy. Specifically we would like to discuss how we work together on the Administration's infrastructure development agenda and share our ideas for public policy that will further our mutual goals: jobs and a growing economy.

Subject BTR Energy
Location 3528 WJCN
Show Time As Tentative

* John (Jack) Barrow, BTR Energy

* Michael Lemon, BTR Energy

We'd like to discuss the "electric pathway," which is a part of the Renewable Fuel Standard that would allow small animal farms, like dairies in Wisconsin and Pennsylvania, to benefit from the generation

and sale RINS. A final rule promulgated three years ago gives EPA significant flexibility to implement the electric pathway by approving applications on a case-by-case basis, but EPA staff have been pushing for yet another rule-making.

BTR Energy is an applicant under the electric pathway, and we're completely unique in our focus on driving value to parts of the animal agricultural industry. We'd like to discuss approving our application and adjusting the 2018 renewable volume obligations to account for the RINs we can currently create. We work with almost two dozen dairy, swine, and cattle farms across the country that would immediately benefit from our program, and our work now has the support of over a dozen members of Congress, including folks like Congressman Chris Collins from NY and Congressmen Mike Gallagher and Sean Duffy from WI.

Approving our application shouldn't be a big lift for EPA staff, in our view. The supply and delivery of the renewable fuel (electricity) is there, and we've done most of the work, as the rule has been in place and inactive for three years (we can discuss that more in the meeting). In that way, the program is extremely efficient: low effort for EPA, high impact on farms that have traditionally been locked out of the RFS.

I've attached a summary document that explains the issue and profiles two of our partners. I've also attached a letter of support one of our partners wrote to their Congressional representatives and an executive summary of BTR Energy.

We've had more than a half dozen meetings with staff in the OTAQ office over the last three years. Last week I had coffee with Ben Hengst, who supports Chris Grundler, the director of OTAQ. Ben suggested we aim to meet with Mandy Gunasekara individually so that we could be candid about our experience.

We also met with Mr. Kell Kelly last week, who agreed that Mandy is the right person.

I hope all that helps. We can provide a lot more context in the meeting.

Location 3530 WJCN
Show Time As Tentative

Request:

We will be having our fall legislative fly in the second week of September. As part of the fly in, I was wondering if it is possible to schedule a briefing with you, or other senior EPA staff on September 12th to discuss various priority environmental issues with the Minnesota Pork Producers. Minnesota is the number two state for pork production, behind Iowa.

This would be primarily more of a "getting to know you" meeting with a general discussion on issues on the farm than any specific in depth focus on any single issue.

However, issues of note for Minnesota include the following:

* Nutrients, the value of manure, and water quality standards.
* Air Emissions Reporting from livestock farms
* EPA's NESHAP for Reciprocating Internal Combustion Engines (on farm backup diesel generators) 40 C.F.R. Part 63, Subpart ZZZZ

Attendees:

Michael Formica, National Pork Producers Council

David Preisler, Executive Director, Minnesota Pork

Jill Resler, Chief Operations Officer, Minnesota Pork

Lauren Servick. Director of Communications and Marketing, Minnesota Pork

Jay Moore, President, Minnesota Pork

Greg Boerboom, Vice President, Minnesota Pork

Ben Johnson, Minnesota Pork Ambassador

Daryl Timmerman, Board Member, Minnesota Pork

Subject Meeting with the Association of Home Appliance Manufacturers to Discuss HFCs and the SNAP Program

Location DCRoomARN3500/OPEI

Show Time As Busy

Directions: Please use the William Jefferson Clinton North Entrance located on your right as you exit the Federal Triangle Metro Station. Please arrive 10 minutes prior to the meeting with photo IDs to clear Security.

EPA Contact: For an escort from Security to the meeting call (202) 564-4332; for all other matters call Robin Kime (202)564-6587.

Attendees: TBD

Request: I'm sure you saw the recent court ruling on HFCs and the SNAP program and I know you are busier than heck, but it really would be beneficial if I could meet with you on this when I am in DC the week of Aug 21. We are already hearing from senior leaders from our appliance manufacturers. Can you meet with me to discuss this? I am not expecting any final decisions from you at this early stage. I just think we need to understand the possible scenarios and possible impacts of each as you weigh your options. I will be meeting with CARB shortly, too. PS - also as a heads up we are discussing the likelihood of some of our CEOs coming to DC in Sept/Oct to meet with a few key Trump Administration leaders, and Administrator Pruitt would hopefully be one of those meetings we would be able to coordinate.

Details on what he wants to ask…

The Economist is producing a long package on deregulation during the Trump administration. The EPA has been perhaps the most active agency when it comes to taking regulatory action. I am hoping to speak with a high-level official who would be able to provide for me:

* The progress and pace of deregulatory actions in concrete terms.
* Active areas of rulemaking which would have the effect of rescinding Obama-era regulations
* The cost-benefit calculations behind these determinations.

We would appreciate detail and granularity on these issues.

Thanks Liz!

Michael Catanzaro will also be on the call, from our end. In terms of run of show, Samantha should walk the surrogates through the action, grounds, and what it all means (the "so-what/major impact" points to be made on TV). The group invited includes energy experts, think tanks, conservative cable TV pundits and columnists.

When you dial-in, you will be greeted by an AT&T operator, who will put all of us in a special queue. We can then hash-out the official run of show before being connected to the larger surrogate group. The AT&T operator will run the Q&A portion of the call after the briefings have been done.

Thank you all for doing this. If you have any questions, please call me at (b) (6)

Request: Earlier this year, our client the National Marine Manufacturers had a very productive meeting with your team at the EPA focused on E15 issues. At that meeting, we also raised an issue regarding something called HFC 134a. NMMA member company Structural Composites is using HFC 134a to produce some extraordinary new products – ultra-light weight composite material being used to make boats and truck trailers primarily, but they are hindered by EPA regulatory issues.

Request: I was able to join the Smart Sectors kick-off event yesterday. It really is exciting to see industry and government working together to find solutions to environmental issues. I am located here in DC for The Mosaic Company. We are a U.S. mining and manufacturing company (we mine phosphate and potash to make critical crop nutrients or fertilizer for farmers in the US and around the world) that touches a few sectors. We submitted comments to the EPA earlier this year on regulatory reform. I'd love to come by and give you more info on who we are and what we have been experiencing in the permitting area. If it works to also include the liaison for chemical manufacturing that would be great. My colleague Eileen Stuart will be joining me as well.

Per discussion just now with SD & BB – OGC's edits have been passed on to OAR/sharepoint.

Per an email from Josh Lewis Tuesday, there are a bunch of outstanding edits responding mostly to OMB policy issues.

OP requests that we find a time today or tomorrow for the team on this email to go through the remaining issues (Erik, I'm including you in case OP/Mandy need counsel on the pending litigation, but I understand if you can't make it).

It would be good to close this out tomorrow, which I understand is AS's last day as the OIRA desk officer.

Mandy will open the line

Stephen Fotis (Van Ness Feldman) and Marine Funk (Shell). Potentially one or two Shell officials calling in from Texas.

Mandy and Samantha – I would like to request a meeting with you and Shell regarding air regulatory issues. One important focus of the meeting would be on EPA's upcoming rulemaking to reconsider the final NSPS Subpart OOOOa rule for limiting methane and VOCs from new and modified oil and gas facilities. In addition to me, those attending the meeting on behalf of Shell would include Marnie Funk from the Shell WDC office and Dick Francis or other senior Shell management from Houston. As to timing, we can be flexible and have general availability to meet at your convenience over the next few weeks in October.

Many thanks,

Stephen

Show Time As Tentative

Directions for Guests: EPA's address is 1200 Pennsylvania Avenue, NW. Please enter through the William Jefferson Clinton South building. If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, between Pennsylvania and Constitution Avenue. The entrance is almost exactly halfway between the two avenues next to the Federal Triangle Metro sign and with the Trump Hotel across the street. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your right. This is the South Lobby entrance to the William Jefferson Clinton building. If you are coming by Metro, exit at the Federal Triangle Metro station, go up the escalators and the South Lobby entrance will be on your left as you exit at the top of the escalators.

Once inside the building, security will prompt you to scan all items such as bags, coats etc.. Please let the guards know that you were instructed to call Shanita Loving at 564-4728 or Ethel Bailey 564-5149 to escort you to Susan Bodine swearing in ceremony. Security will have the visitors passes for everyone.

Allow for 10-15 minutes to get through the process.

EPA Employees: Please bring your ID to show to security at the entrance to the Green Room.
