Dear National Freedom of Information Officer:
The ESG Department of MSCI is a nonpartisan organization that compiles and analyzes information on business and social issues for institutional investors interested in environmental stewardship practices of publicly traded companies. Pursuant to the Freedom of Information Act, we request that the Environmental Protection Agency provide us with a database of **RCRA Corrective Actions for calendar year 2012** (from January 1, 2012 to December 31, 2012). In addition, we are interested in a sort by facility name, not by region.

Please provide two reports:

REPORT 1: All entities required to undertake a Corrective Action from January 1, 2012 to December 31, 2012

REPORT 2: All entities whose Corrective Action process was terminated

Please provide us data for the following fields:

- State
- Current Owner
- EPA ID
- Facility Name
- Location Street Number
- Location Street 1
- Location Street 2
- Location City
- Location State
- Location Zip
- Event Code
- Event Date

We would also like to request for a data dictionary, for the information publicly available through your office. If available, please include SIC code and CUSIP for each violator (MSCI has CUSIP license from Standard & Poor's).

We respectfully request this data be made available to us in Microsoft Excel format. If it is not feasible to have the data provided in this format please provide the data in tab-delimited-text or ASCII delimited format.

We also respectfully request the **most recent documenter report** for this data. This documenter report should feature a list of field names with a full explanation of their contents as well as all other relevant documenter report elements.

The **Office of Solid Waste and Emergency Response** assisted us with this request in prior years.

We have requested and received this data from EPA for all years since 1988 for independent research purposes – **please notify me immediately if the requested data is not available this year.** Also please notify me if this data can now be attained over the Internet (instead of through a Freedom of Information Act request). Thank you in advance for your assistance.

Sincerely,

Alan Sotelo
