Subject: FOIA Request: Integrated Planning Model (IPM)

Mr. Gottesman:

I am writing regarding a request for information under the Freedom of Information Act. The materials I am requesting are as follows:

- Files associated with the "Integrated Planning Model (IPM)" used by the EPA to analyze the impact of air emissions policies on the U.S. electric power sector (ie: the model itself).

I am looking for the files specifically associated with calculating the findings of the EPA Analysis (excel or otherwise), not the analysis documents themselves. I wish to conduct my own analysis in line with the EPAs studies and need the model to do so. I have included a link to the EPA webpage regarding the matter (the Integrated Planning Model) below. Please respond to this request as soon as it may be convenient. If you need further information regarding my request, please contact me by either email, mstolle@tyrenergy.com, or by phone, (913) 787-3947. Thank you for your time and consideration.

Sincerely,

Michael Stolle
