Subject: Bluewater Uranium Mines

Ex. 5 - Attorney Work Product

As for answering her question about BIA, I feel we should ask her to clarify about which Bluewater AR document she is referring. If so, I suggest Ivry contact her via letter or email by early next week.

I will be out next Monday - Wednesday. Please contact me on my work cell: 415.760.7955 if you learn of something by Tuesday morning.

Thanks,
Andy

Bluewater complete,5-07-04.p

Andy,

I finally heard back from Judy Pasternak. Regarding question 1: the PA/SI and ESI for Cameron Uranium Ore Pile can be put on a CD-ROM for her.
For question 2: I attached a complete index for Bluewater, fortunately it's not long. She was sent only the AR index. I'll tell her that this portion of her request has been referred to you.

Kathy

Subject: two questions

Hi, Kathy,

I have had plenty of reading material over the past few months!
I have two questions about uranium-mining-related documents that I don't see in the index I was provided.

1. I have a citation from a report I got elsewhere that mentions this report:
   Schwennesen, Michael. 1989. CERCLA Expanded Site Investigation: Cameron Uranium Ore Pile/Gray Mountain Concentrator, Coconino County, Arizona. Prepared for U.S. Environmental Protection Agency, Region IX, San Francisco, CA. Ecology and Environment, Inc., San Francisco, CA.

   Could you please send me a copy of this report?

2. Also, re the Bluewater AR: There was discussion in the documents that you sent of the EPA going ahead to do work while the Justice Dept. tries to get the BIA to pay for some of the work. There's nothing in the index that addresses whether the Justice Dept. did any follow-up and/or whether the BIA ever paid for any of the clean-up. Do you have any documents that will shed light on this?

I can be reached via e-mail (judy.pasternak@latimes.com) or at (202) 861-9250.

Many thanks.
