Valois,

After discussing further with Jean and with Kimi's further edits, the EJ program is okay with this version of the briefing paper (including keeping the EJ recommendation in).

Thanks,
Corbin

Hello,
Thanks for your comments Corbin. I think/hope they are all addressed in this version.
Seems like we all agree that it would be useful to meet briefly before next Thursday.

Valois - Corbin and Jean will send you their final edits in the early afternoon so you can send along to all per Suzanne's request to receive the paper a week ahead of time. I'll be tied up tomorrow and don't need to review whatever EJ decides to put into the bullet for the first paragraph.

Corbin – I haven't had time to draft the EJ document yet for Megan and Doug but will try to do so before the Thursday briefing since Megan will be there and would like to share/discuss with you before sending.

Thanks, Kimi

All,

Please see my comments attached. I am generally available this afternoon if there are any questions or need to discuss.

Also, Kimi, were you able to complete the briefing paper for Doug and Megan on EJ authorities/practices generally with some specifics on the DB EJ issues that you were asked to develop? If so, can you share that with us?

Hi Corbin,
If you can send them as soon as possible, we can incorporate later today.
Thanks, Kimi

Hi All,

Thanks to all for the great work on the briefing paper. It's looking very good. I do have some comments but, unfortunately, won't be able to get them to you all until later this afternoon. I do think a pre-meeting would be helpful.

Hi Valois,
Thank you for checking in with Sarah and Douglas. Attached is a cleaned-up version that I think addresses UIC management comments. Everyone should take a look and then I think Valois is planning to send the final to Adele so she can attach it to the meeting invitation.
If anyone has any further edits, please send them to this group by 3:00 today.

I have added the comments I received from Sarah Bahrman and Douglas Minter on the previous version of this document.

If you think it would be beneficial to have a quick meeting to run through everything one more time before the briefing, let me know. I will be happy to set up a meeting.

Thanks everyone for all your efforts with this document! I think it covers a lot of complicated thinking in an efficient manner!

Subject: DB Briefing Paper

Hello,
Here is the most recent version of the DB briefing paper. Will wait to finalize until I hear from Valois re: UIC program policy considerations. If anyone else has edits, feel free to make them on this version and I'll clean it up and send it over. Valois, Mike is working on the NHPA briefing paper (he also added an NHPA bullet at the end of this paper).

thanks, Kimi
