Hi Ray

I just wanted to let you know that an updated table on the sampling history will be sent to you later today from Orion.

The memos that you requested are in process but will not be done today.
The due date for those is Monday which is a holiday and Northrup, Orion, State and Federal offices are closed.
I hope it will not be an issue for us to send those memos to you on Tuesday?

Orion is also working on the meeting agenda for March and we will have that to you for your review next week.
They have also been getting a lot of the files out today for the Share Point data base.

Well that is my up date.
Have a good weekend!
Rick
