Hi Alexis,

I'm on your calendar Monday at 11am for an update, and the main topic is timing our Lahaina actions. I want to discuss the timing of the 308 letter, letter to the County directing them to apply for 401 cert, and announcing the UIC permit status and our direction to the County to meet R1 effluent standards. We want to do this asap, and certainly before January. I don't know if we can get all this done before Dec. 8, nor if doing so would be a good idea in advance of the meeting with Mayor Tavares.

As an aside, we had a call with Tom Arizumi yesterday and informed him of our intention wrt 401 certification. He and his staff had some questions and concerns, but did not push back too hard. I presume Tom will now inform Larry Lau, who has likely not been kept up to speed on these issues.

David
