Hi Suzanne,
Sure, your plan sounds great, thank you for the status update. I'll be happy to work with Jean and Corbin on this.
Thanks, Kimi

Hi Kimi –
I just met with Darcy and Megan and pitched the outline that you provided to me regarding the DB EJ analysis. Darcy and Megan were supportive. I am scheduling a meeting with Jean and Corbin tomorrow to go over your initial outline with them and will be asking Jean to take the lead on developing this analysis. Darcy would like the updated analysis completed by mid-January. Shall I have Jean reach out to you if she has questions or needs assistance as she is leading this effort?
Thanks,
Suzanne
