Sure thing. By the way, it sounds like your action is different, but in case this is relevant: R8 is working on Class V and III UIC permits in connection with an in situ uranium mine in South Dakota. NRC is also issuing a license for the project, and Ex. 5 AC/DP Ex. 5 AC/DP Info on the project is at https://www.epa.gov/uic/epa-dewey-burdock-class-iii-and-class-v-injection-well-draft-area-permits-2019. Just let me know if you have any questions about it.
