I recommend printing our the first 6 pages with the table of contents separately. Then split the rest of the document into 2 sections so they fit into staples. I got as far as p. 75 doing the latest edits.

The ### are signals for me to go back to that section with a note explaining why. The ### on p. 75 show how far I got with the latest editing.

I am going to add a section on EJ at the very end.

I will send the permit in the next email.
