Darcy: I'm guessing John talked with Blake just after Valois and I talked with him yesterday.

Valois and I (and Lucita I think) are generally available this week to meet with you before you call them.

Subject: Request for Call

Darcy,

Can we have a discussion as soon as possible regarding new changes to the approach to draft permits?

We have concern that our previous discussion that the comment period would be 40-45 days and this now changing to 60 days. We would like to know as well is the schedule still to complete a final permit in December 19th of 2019?

Also, we understand that EPA is changing its approach to financial assurance from the previous draft permit requesting that it be put in place before final permits. We would like to explain that there are additional permits remaining that would not allow construction and would like to discuss this further.

Blake can be available pretty much anytime for a call. Can you please let us know when we can have a call to discuss?

Thanks.

John
