Subject: RE: the DB Class III draft permit and fact sheet

No. But we should! Sarah Teschner reviewed the previous Class III permit. It only just now occurred to me that enforcement would be responsible for the geochemical modeling oversight since that comes into play during compliance monitoring and at well closure.
I'll check in with Douglas to have him ask Tiffany for some of their time to review at least the part that falls into their shop. I suggested early on that we could share the compliance evaluation responsibilities for the class III part of the site once operation begins so it all wouldn't fall on enforcement. But there could be all new people by the time that ever happens! We will be on a beach somewhere!
Thanks for the suggestion!

Hi Lucita and Rick,
Here is the link to the Class III draft permit and fact sheet:

\\C0808F03EC005\Shar3\30 Day Share\Valois\Dewey Burdock\Class III\PermitDocs\2ndDraftClassIIIDocs

Rick, I know you started on the fact sheet on Friday, but I wanted to have a draft ready for Lucita to review along with the Class III permit. Please review Section 15 of the Fact Sheet. I also made some edits to Part IV of the permit, so please review those to see if you agree with my changes. I used "track changes" to show the changes I made from your version. I thought your Part IV was amazing! I just

Ex. 5 Deliberative Process (DP)

Report.

Lucita,

Ex. 5 AC/DP

Thanks for your review!
