Sorry, no other times are available.

The difficulty is, I'm trying to coordinate the Regional Administrator's schedule, EPA West Lake Landfill team members schedules, and congressional staff schedules.

We can go to the week of 9/30 if you want, let me know.

Thanks.

If there is no other time next week to meet, I can rearrange my schedule, but as I indicated earlier I have a meeting outside the office from 11:30 to 1:00.

My meeting is from 11:30 to 1:00. I can just duck out a couple minutes early, if it's a problem, so let's just plan on 1:00-2:00.

Sorry to be a bother, but I have a meeting until 1. Could we make it 1:30-2:30 instead?

Latonya,

Hope you are doing well this morning. In light of the recent news stories about new cases of elevated temperatures at the Westlake/Bridgeton Landfill, we would like to request another conference call update for Congressional staff from EPA. We realize it has been awhile since we have had one of these and think it would be beneficial for us to be able to inform our constituents on what is occurring. We look forward to your response.

Thanks
