Subject: RE: Dewey Burdock uranium mine UIC permits - draft response to comments

Quick follow up – initially the Indian law related responses were numbers 191 through 225, but due to edits since I sent my email below, they've been renumbered. Ex. 5 AC/DP Ex. 5 AC/DP ” you'll find the first comment and draft response. All Indian law related responses are together, following this first comment.

Subject: Dewey Burdock uranium mine UIC permits - draft response to comments

Lauren,

Following up on previous conversations, I'm attaching a link to a OneDrive document with the draft RTC in this matter. Could you please review by the end of June? If you'd like, we can talk over issues that you'd like to discuss, and/or you can suggest redline edits directly in the document. Responses 191 through 225 concern Indian law related issues, in three main categories – tribal consultation, treaty rights, and other related issues (such as the issues I raised to you in an email a few weeks ago). Note that I will proofread the draft responses, so you don't need to spend your time on minor edits of that nature.

Ex. 5 AC/AWP/DP
