Hi All,

The attached version, for discussion on Tuesday, includes some responses to comments and proposed edits and new comments. These were made without the benefit of discussing them first with Valois and Jean....:).

Hi Darcy and Suzanne,
Thank you for your review and comments. Will coordinate with the UIC and EJ programs to schedule a discussion on next steps (perhaps when Corbin, Douglas and Valois are in next week).
Thanks, Kimi

Hi Kimi – attached, please find comments from me and Suzanne. I think a discussion on next steps on this document is warranted.

Thanks!

Hi Darcy,
A largely cleaned-up version of the revised draft EJ analysis is attached for your review. A few remaining items are flagged in the comment section. Please note the EJ program's new draft conclusion paragraph at 7.7.

Hi all – I completed my review f the EJ analysis and didn't have any substantive comments. I did respond to a couple of questions in comment bubbles in the attached version with my perspective.

Given we have a hard **deadline of 8/26** for signature of the revised draft permits, we need to get the updated **EJ analysis to Darcy by Monday 8/12** for her review next week. I know the EJ team is still determining their findings and conclusions (at least as of this version from Kimi). Please let me know what the status of that effort is and when this document will be complete.

Thanks,
Sarah
