Oh…I also ended up needing 3 Figures with the briefing document since the third Figure includes everything in the second Figure I had plus the AE area (if I'm wrong please let me know when you see it). Thanks!

Ex. 5 Deliberative Process (DP)

If you choose to make any comments on my document, that's fine.

The short message for the NRC part would be:

Ex. 5 Deliberative Process (DP)

Once you say that better than I did above, it would be good to run it by Mike and Lucita.

I hope this helps. I know you are well acquainted with everything else Dewey-Burdock, but I wasn't sure about the NHPA part.

Thanks Valois: in order to cover all aspects of this project we will need to be brief and to the point with the hour we have. For example, I will include your update on NRC actions (thank you) but will have to shorten this whole section quite a bit. I don't think its critical that we have Mike's input by the Monday briefing since we are not asking Greg to weigh with a decision, etc.

Hopefully, we will determine on Monday what decision making role he wishes to play for draft permit issuance next month.

Hi Douglas,
I included a comment on the current status of the NRC's actions.

I have attached the NHPA document that I sent to Mike to review that proposes our approach. I asked Mike if he could provide me comments by the July 26th. Do you need his input sooner?
