Could we also invite Lucita, too, please?

We had a call with the SD Game, Fish and Parks person (Stan Michals) to talk about one of Kimi's questions: Is the Powertech wildlife survey recent enough for us to use. He said the survey needed to be redone for a number of reasons. He asked if our area permit regulation to analyze cumulative effects could be used to require Powertech to do a new survey sooner rather than later. So it would be helpful to have Lucita present for that discussion.

Lynne: can we set up an hour to go over with Kimi where you are on your ESA work
For DB. Please invite myself and Valois and see if you can find time in the last half of the month.

Thanks,

Douglas

Hi Douglas,
Before I forget, can we set up a meeting with Lynne on Dewey Burdock ESA in the next couple of weeks? I'd like to make sure we're not in this last-minute position for that action.
Thanks, Kimi
