Hi Randy,

The Region 8 UIC program sent the attached consultation letters to four Region 6 tribes inviting consultation on the proposed Dewey-Burdock uranium recovery project located near the southern Black Hills in southwest South Dakota.

The four tribes are the Apache Tribe, The Cheyenne and Arapaho Tribes of OK, The Ponca Tribe of OK, and the Kiowa Tribe.

There is background information about the project enclosed with each letter.

These letters are part of an ongoing consultation process we began back in 2015. We are sending these letters out to let the tribes know we are issuing updated draft permits.

Thanks!

Valois
