Subject: NRC contacts

Hi Kim,
The person I talk with at the NRC is Kellee Jamerson in the Environmental Review Branch working on the Dewey-Burdock Supplemental Environmental Impact Statement and NHPA process. Here is her office info and supervisor. We have not communicated directly with her supervisor.

Office of Nuclear Material Safety and Safeguards
Division of Fuel Cycle Safety, Safeguards and Environmental Review
Environmental Review Branch
Cinthya Roman-Cuevas, Chief
Kellee L. Jamerson, Environmental Scientist

Emily Monteith has also been on also been on the calls we have had with NRC. She is with the Office of General Counsel. I haven't figured out the organizational structure of their OCG. Here is the website:
https://www.nrc.gov/about-nrc/organization/ogcfuncdesc.html
She may be in the office of Associate General Counsel for Hearings, Enforcement, and Administration based on the descriptions.

I found this link related to Tribal policy:

Not sure if you need this info, but the license staff is under the
Office of Nuclear Material Safety and Safeguards
Division of Decommissioning, Uranium Recovery and Waste Programs
Uranium Recovery and Licensing Branch
Bill Von Till, Branch Chief
Ronald Burrows, Dewey-Burdock project manager
I have spoken with both of them.
