Subject: [internal] strep and aldicarb: prepare for joint release 1/12

Importance: High

Hello all: Per this morning's OPP staff meeting, the IO would like us to prepare to release **both aldicarb and strep on Jan. 12**. It sounds like the vision would be for a single announcement to cover both, so we may need to rework the existing materials. **Please let us know ASAP** if for some reason we will not make this date on either. I understand there is an AA briefing for antibiotics on 1/11; it is not anticipated that this will significantly impact the decision or timing.

Best,
Catherine
