Subject: RE: Upcoming Aldicarb Team meeting 9/2/20

Hi Amy,

Thank you for your willingness to discuss these tomorrow. I appreciate your work and support on this action.

Thanks,
Debra

Hi,

We can be prepared to discuss the new work and the previous request for numbers for a DEEM run by HED.

Subject: Upcoming Aldicarb Team meeting 9/2/20

Hi Amy,

Marion, Shanta and I met this morning to discuss our favorite topic, aldicarb. Marion updated us on his conversation with Marietta during his general last week. **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

I plan to use the larger team meeting on Wednesday, as a chance to recap where we are with the action, get thoughts from the group and provide projected new timelines for the action.

Ex. 5 Deliberative Process (DP)

Thank you, Amy!
Debra

Subject: RE: Question: Aldicarb: Distribution of Water Residues?

Hi,

Will is asking for the distribution of the surface water numbers that they would run in their DEEM run which might will give us an understanding of how much we are exceeding the PAD. We can do that for what we have now to get a sense of how bad it is. Once we explore the new PCA/PCT work that the DW refinement team is working on, it might change the distribution and they could rerun it to see how it improves I guess. However, given the timing on that work and when that team will be able to train my team and we can actually do that work, I don't anticipate having that done until sometime in Oct (that is my best guess based on conversations with that team).

Subject: Question: Aldicarb: Distribution of Water Residues?

Hi Amy,

Ex. 5 Deliberative Process (DP)

If you have a chance, could you give us the 1,000 ft. (or 50,000 ft.) version on the distribution of water residues and how they might impact this action?

Thank you for your time!!
Debra

Hi Debra,

Here is my take on your questions:

Subject: Check-in on Aldicarb

Hi Mike and Will,

Just a quick check-in with you on Aldicarb – and a bit of a fishing expedition.
