2013_0910 NGS Supplemental Proposal.docx

Hi Colleen and Debbie, Redaction: Internal agency, pre-decisional deliberative communications

Attached for your review is the draft Supplemental Proposal that addresses comments from Tamara, Matt Marks (OGC), and Todd Hawes (OAQPS). We did not receive comments from Phil.

Ann and I left in one comment bubble from Matt that we intend to address tomorrow morning. [redacted]

I am also attaching the spreadsheet that we refer to in the notice. Redaction: deliberative process

For your convenience, I'm also pasting in the draft schedule I sent earlier that I am hoping you both can weigh in on. If you think it is still reasonable and do-able, I will ask our contractor to move forward to sign contracts with venues for the hearings (week of Nov 4).

9/10 – Finish up draft FRN with edits based on comments from Tamara, Matt, and Todd
9/10 4PM – Send revised FRN to Debbie, Colleen, and Tamara

9/11 COB – Comments back from Debbie, Colleen, Tamara

9/12 – before 10AM – Send revised draft to Janet

9/13 – 8:30 AM (pacific) – Briefing for Janet

9/17 – Requested date for comments back from Janet

9/18 – Print out Signature Package for Jared

9/19 – As early in the day as possible – Debbie takes package to Jared for signature
9/19 – before 2PM – Send Package to EPA FR office, and roll out communication strategy

Before 10/4 – Publication in FR (extends comment period and announces hearings as well)

Week of 11/4 – public hearings

Thanks very much!
