Subject: Fiscal Year 2014 Revised Billing Rates
Reference: U.S. Agency for International Development Negotiated Indirect Cost Rate Agreement, Dated November 18, 2014

Dear Mr. Piccirillo:

In accordance with the Federal Acquisition Regulations (FAR), Part 42.003-Cognizant Federal Agency, the U.S. Agency for International Development (USAID) is the cognizant agency with the responsibility for negotiating and determining indirect cost rates for Abt Associates, Inc. On November 18, 2014, Abt Associates, Inc. and USAID fully executed a negotiated indirect cost rate agreement which revised the fiscal year 2014 billing rates (all other rates remain unchanged). The Environmental Protection Agency (EPA) acknowledges the negotiated rates to be applied to contracts and subcontracts with the Federal Government. Accordingly, the executed agreement applies to all EPA prime contracts and subcontracts active during the period, including but not limited to the following:

EP-D-08-100	EP-W-11-003	EP-C-12-051	EP-W-10-054
EP-C-13-039	EP-C-07-023	EP-W-08-010	

Incorporation of the executed agreement into the applicable EPA contracts shall not change any contractual ceilings, obligations, terms or conditions of the contracts to which the agreement applies. This includes any reimbursement limitations imposed by the Limitation of Cost and Limitation of Funds clauses.

In addition, a voucher adjusting the difference between billed indirect costs and the indirect costs resulting from the application of the negotiated indirect cost rates for the periods specified in the executed agreement, shall be submitted to the office specified in each contract within 60 days from the date of this letter. Please attach to your first invoice, for each EPA contract claiming the rates specified in the agreement, a copy this letter.

If you have any questions or concerns, please contact me on (202)564-4427 or by email at piard-hylton.rose@epa.gov.

SECTION II: GENERAL

A. LIMITATIONS: Use of the rate(s) contained in this Agreement is subject to all statutory or administrative limitations and is applicable to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rate(s) agreed to herein is predicated upon the following conditions:

1. That no costs other than those incurred by the grantee or allocated to the grantee via an approved central service cost allocation plan were included in its indirect cost rate proposal and that such incurred costs are legal obligations of the grantee and allowable under the governing cost principles,

2. That the information provided by the grantee which was used as a basis for acceptance of the rate(s) to herein is not subsequently found to be materially inaccurate,

3. That the same costs that have been treated as indirect costs have not been claimed as direct costs, and

4. That similar types of costs have been accorded consistent treatment.

B. ACCOUNTING CHANGES: The grantee is required to provide written notification to the indirect cost negotiator prior to implementing any changes which could affect the applicability of the approved rates. Any changes in accounting practice to include changes in the method of charging a particular type of cost as direct or indirect and changes in the indirect cost allocation base or allocation methodology require the prior approval of the Office of Overhead, Special Cost and Closeout (OCC). Failure to obtain such prior written approval may result in cost disallowance.

C. NOTIFICATION TO FEDERAL AGENCIES: A copy of this document is to be provided by this organization to other Federal funding sources as a means of notifying them of the Agreement contained herein.

D. PROVISIONAL-FINAL RATES: The grantee must submit a proposal to establish a final indirect cost rate within nine months after its fiscal year end. Billings and charges to Federal awards must be adjusted if the final rate varies from the provisional rate. If the final rate is greater than the provisional rate and there are no funds available to cover the additional indirect costs, the organization may not recover all indirect costs. Conversely, if the final rate is less than the provisional rate, the organization will be required to pay back the difference to the funding agency.

15 0030

NOV 21 2014

E. SPECIAL REMARKS:

1. Indirect costs charged to Federal grants/contracts by means other than the rate(s) cited in the agreement should be adjusted to the applicable rate(s) cited herein which should be applied to the appropriate base to identify the proper amount of indirect costs allocable to the program.

2. Grants/contracts providing for ceilings as to the indirect cost rate(s) or amount(s), which are indicated in Section I above, will be subject to the ceilings stipulated in the grant, contract or other agreement. The ceiling rate(s) or the rate(s) cited in this Agreement, whichever is lower, will be used to determine the maximum allowable indirect cost on the grant or contract agreement.

3. The rates hereby approved are subject to periodic review by the Government at any time their use is deemed improper or unreasonable. You are requested to advise the Government promptly of any circumstances, which could affect the applicability of the approved rates.

4. You are directed to promptly submit adjustment vouchers or final vouchers for all flexibly priced grants, contracts or other agreements. Audit adjustments should be clearly delineated so as to be readily identifiable for verification by this office. Care should be taken that amounts claimed do not exceed award limitations or indirect cost rate ceilings.
